Git With Her 2026

An 8-hour, women-only hackathon for builders across every field.

Sunday, 23 August 2026 · ImagineEdge Workspace, Mysuru

PRESENTED BY CATALYST · POWERED BY WEBSTOR LABS

WHO WE ARE

Catalyst

A community where women across every field belong, learn, and grow — one opportunity at a time.

We are not only for software. We bring together women in software, electronics, civil, mechanical, design and beyond — students, early-career professionals and career-switchers — and connect them through hands-on events, mentorship and a network that keeps showing up.

Git With Her is our flagship hackathon.

YOUR AUDIENCE

Who you'll reach.

Students & fresh graduates

Engineering and design students from Mysuru and nearby colleges, hungry for their first real build and first employer.

Early-career professionals

Women 0–4 years into their careers, actively upskilling and open to new roles, tools and communities.

Career switchers & returners

Women moving into tech-adjacent work or returning after a break — high intent, loyal to those who back them.

Why sponsor Git With Her.

Brand visibility

Your logo on the stage, t-shirts, banners, website and every social post — seen by participants, colleges and our wider community before, during and after.

Talent & hiring

Meet 100+ motivated women in person, watch them build under pressure, and get first access to a curated pool of resumes and standout candidates.

Impact & goodwill

Be publicly counted among the brands investing in women in tech. Authentic CSR that your team, customers and future hires genuinely respect.
